DUAL QUALIFICATION

RII30920 Certificate III in Civil Construction (Apprenticeship/Non-apprenticeship)

NWP30222 Certificate III in Water Industry Operations (Non-traineeship)

The dual qualification of RII30920 Certificate III in Civil Construction and NWP30222 Certificate III in Water Industry Operations provides a comprehensive skill set for individuals aiming to build careers in both the civil construction and water industries.

The RII30920 focuses on civil construction tasks such as the installation, maintenance, and repair of infrastructure, including roads, bridges, and drainage systems. It covers key skills in site preparation, machine operation, and adherence to safety procedures.

The NWP30222 qualification offers specialised training in water industry operations, including environmental procedures, risk management, and installation of pipelines.

This dual qualification equips graduates with the expertise to work in diverse roles across various sectors such as water operations, civil construction, and plant operations.

This combination of training significantly enhances career opportunities, preparing individuals for a broad range of roles in both the water utility and civil construction industries.

ENTRY REQUIREMENTS

The CCF Victoria Civil Train team will conduct an LLN, digital quiz and pre training review assessment to ascertain eligibility and suitability for this qualification.

IN TIME SUPPORT

Individual support plan (ISP) will be discussed with the trainer if additional assistance is required.

FEES

Schedule of fees and subsidies available at ccfvic.com.au/training-courses/compliance. Tuition fees are indicative only and are subject to change given individual circumstances at enrolments.

This training may be delivered with Victorian and/or Commonwealth Government funding for eligible students.

Nationally Recognised Training

UNITS OF COMPETENCY - CORE

BSBWHS308	Participate in WHS identification, risk assessment & risk control processes
NWPGEN019	Assess, implement, and report environmental procedures
RIIBEF201E	Plan and organise work
RIICCM201E	Carry out measurements and calculations
RIICCM203E	Read and interpret plans and job specifications
RIICOM201E	Communicate in the workplace
RIIRIS301E	Apply risk management processes
RIIWHS201E	Work safely and follow WHS policies and procedures
RIISAM203E	Use hand and power tools
RIISAM204E	Operate small plant and equipment

UNITS OF COMPETENCY - ELECTIVES

RIICPL301E	Install water mains pipelines
RIICPL302E	Install storm water systems
RIICPL303E	Install sewer pipelines
RIICRC301E	Maintain drainage systems
RIIWMG203E	Drain and dewater civil construction sites
RIICCM210E	Install trench support
RIICCM202E	Identify, locate, and protect underground services
RIICCM206E	Support plant operations
RIICCM208E	Carry out basic levelling
RIIRIS201E	Conduct local risk control
RIIWHS202E	Enter and work in confined spaces
RIIWHS204E	Work safely at heights
RIICRC306E	Conduct earthworks
RIIMPO318F	Conduct civil construction skid steer loader operations
RIICRC208E	Lay pipes
RIIMPO320F	Conduct civil construction excavator operations
RIIMPO321F	Conduct civil construction wheeled front end loader operations

Units subject to change
