CIVIL CONTRACTORS FEDERATION
VICTORIA

# RII30920
# Certificate III in Civil Construction (General)

## Enrolments are now open for employees working in the civil construction sector.

Skilled, competent and suitably qualified Civil Construction team leaders and leading hands are always in high demand.

This apprenticeship combines on-the-job training with structured learning to strengthen your practical skills and earn a nationally recognised qualification to help propel your career forward.

A Certificatee III in Civil Construction will equip you with the tools to build your skills and capabilities within the industry and can lead to a pathway of opportunities.

Opportunities are **NOW OPEN** for existing civil workers to obtain a functional and practical industry relevant qualification, designed to address the skills and knowledge to enhance effectiveness and efficiency translatable to the workplace.

Delivered at your workplace by our trainers with over 40 years' civil experience, the program fits around your job and reflects real civil construction environments.

### ENTRY REQUIREMENTS

The CCF Victoria Civil Train team will conduct an LLN, digital quiz and pre training review assessment to ascertain eligibility and suitability for this qualification.

### IN TIME SUPPORT

Individual support plan (ISP) will be discussed with the trainer if additional assistance is required.

### FEES

Schedule of fees and subsidies available at ccfvic.com.au/training-courses/compliance. Tuition fees are indicative only and are subject to change given individual circumstances at enrolments.
